## THE FACTS

X Winery's Reed Renaudin creates innovative blends you won't find in any rulebook - because people don't drink rules. They drink wines. Reed explores possibilities more traditional winemakers never consider because he follows only one rule: *Make wines people love to drink.* Curious? So is Parker...

*"The most obvious question with respect to X Winery and proprietor Reed Renaudin is how can these wines be this good at these prices? Everyone is looking for good values today, and here are some exceptional bargains" - Robert Parker, The Wine Advocate*

## TASTING NOTES:

This unique white blend represents the culmination of the union of distinct varietals from the best, most suitable vineyard locations across the North Coast. This sassy white is fragrant and intense, with lively character to a medley of orange rind, floral, vanilla, and ripe honeydew melon flavors with tropical fruit undertones. A majestically rich, balanced wine with crisp minerality and acidity.
